\*\*\*\*\*

The applicant Sierra Pacific Power Company, hereby makes application for permission to change the Point of Diversion and Place of Use of a portion of water heretofore appropriated under Permit 19909, Certificate 5802

\*\*\*\*\*

1. The source of water is underground
2. The amount of water to be changed 1.0 cfs, 724 acre feet annually
3. The water to be used for Municipal and domestic
4. The water heretofore permitted for Municipal and domestic
5. The water is to be diverted at the following point situate in the NW $\frac{1}{4}$  SE $\frac{1}{4}$  Section 7, T.19N., R.20E., M.D.B.&M., or at a point which bears South 85° 0'0" West from the East  $\frac{1}{4}$  corner of said Section 7, a distance of 1,572.63 feet.
6. The existing permitted point of diversion is located within the Southwest  $\frac{1}{4}$  Northwest  $\frac{1}{4}$  Section 12, T.19N., R.19E., M.D.B.&M. or at a point from which the East  $\frac{1}{4}$  corner of said Section 12 bears South 85° 19' East, a distance of 4,623.0 feet. (Map of existing diversion point is on file under 19909).
7. Proposed place of use The certificated water service area of Sierra Pacific Power Company as described in Exhibit "B" and as shown on the map that accompanied Application #62141 on file at the Engineer's Office, Division of Water Resources.
8. Existing place of use Sections 1, 2, 11, 12, 13 and 14, T.19N., R.19E., MDB&M.
9. Use will be from January 1st to December 31st of each year.
10. Use was permitted from January 1st to December 31st of each year.
11. Description of proposed works Drilled and cased well. Construct related facilities and connect to Sierra's esisting distribution system.
12. Estimated cost of works \$250,000
13. Estimated time required to construct works Five (5) years.
14. Estimated time required to complete the application of water to beneficial use Ten (10) years
15. Remarks: Sierra Pacific Power Company is applying for a permit to change the point of diversion of a portion of their Water Rigth

65167

19909. This permit change application will move water from Sierra's High Street Well to Sierra's new Glendale Well site. See attached sheet for additional remarks.

APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit to change the point of diversion and place of use of a portion of the waters of an underground source as heretofore granted under Permit 19909, Certificate 5802 is issued subject to the terms and conditions imposed in said Permit 19909, Certificate 5802 and with the understanding that no other rights on the source will be affected by the change proposed herein. The well shall be equipped with a 2-inch opening and a totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of the water begins or before the proof of completion of work is filed. If the well is flowing, a valve must be installed and maintained to prevent waste. This source is located within an area designated by the State Engineer pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The well must be sealed with cement grout, concrete grout or neat cement from ground level to 100 feet.

(CONTINUED ON PAGE 3)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 1.0 cubic feet per second, but not to exceed 724.0 acre-feet annually.

Work must be prosecuted with reasonable diligence and be completed on or before:

December 1, 2004

Proof of completion of work shall be filed before:

January 1, 2005

Water must be placed to beneficial use on or before:

December 1, 2009

Proof of the application of water to beneficial use shall be filed on or before:

January 1, 2010

Map in support of proof of beneficial use shall be filed on or before:

N/A

IN TESTIMONY WHEREOF, I, R. MICHAEL TURNIPSEED, P.E.,

State Engineer of Nevada, have hereunto set

my hand and the seal of my office,

this 1st day of, December A.D. 1999

State Engineer

## Additional Information for Application

Sierra Pacific Power Company operates and supplies municipal water for the communities of Reno and Sparks, Nevada and portions of Washoe County in the Truckee Meadows. Sierra's water customers numbered 60,574 in 1995 and increased to 61,912 in 1996. Sierra's municipal water deliveries increased from 59,907 acre-feet in 1995 to 68,126 acre-feet in 1996. Water deliveries for 1997 were 71,420 acre-feet. The increase in customers from 1995 to 1996 was 2 percent. The increase in water use from 1995 to 1996 was 13.7 percent and from 1996 to 1997 was 5 percent.

Sierra Pacific Power Company needs additional production at existing wells to meet the needs of their customers in the future. Sierra Pacific Power Company would like to move a portion of water it has from water right 19909 for the High Street Well in Reno, Nevada. The new production well at the Glendale Water Treatment Plant in Reno is the point of diversion proposed in this change application. **The Glendale site has no domestic wells within a radius of 1/2 mile.** Sierra foresees no opposition or protest to this application as the site is located in central Reno between sites of two existing Sierra production wells. Other Sierra production wells in this general location have not been protested and the proposed well site was not protested upon the filing of the base water right application for this site.

Sierra Pacific Power Company is filing this Change of Point of Diversion Application for additional production at their new well (Glendale) to supply the needs of their customers in the Reno, Sparks and Truckee Meadows area.
